Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Real time Crime Center in Fiscal Year 2027 located at 144 Tichenor Ave in Auburn, AL 36830. This project. The real-time crime center (RTCC) will consolidate internal and external data sources into a single hub, allowing real time analysis, information sharing, and coordinated response management. Currently, systems include police vehicle location (AVL) and body worn camera location and streaming services. The project is an appropriate use of taxpayer funds because this project will allow for consolidation of the Auburn Police Department's crime prevention systems into a centralized location to allow for streamlined communication and information sharing to better serve the citizens of Auburn.

The project has a federal nexus because the funding provided is consistent with purposes authorized in section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10152).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Mike Rogers".
