ARMED SERVICES COMMITTEE
CHAIRMAN

March 26, 2026

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Coosa River Memorial Bridge Repair Project in Fiscal Year 2027. The entity to receive funding for this project is City of Gadsden located at 90 Broad Street Gadsden, AL 35901. The funding project will rehabilitate the aging concrete structure that connects downtown Gadsden and East Gadsden along the Broad Street corridor. The proposed project will address these critical structural issues through the removal of damaged asphalt, repair of spalling and delamination, stabilization of cracks, and replacement of the deteriorated decking and street surface. In addition to structural repairs, the project will improve pedestrian accessibility, bringing the bridge into better compliance with modern accessibility standards and enhancing safety for foot traffic. Repairing and upgrading the Coosa River Memorial Bridge will preserve a vital historic asset, enhance public safety, improve accessibility, and ensure continued economic and transportation.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.”

Sincerely,

A handwritten signature in black ink that reads "Mike Rogers".

Mike Rogers
Member of Congress
