The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Jacksonville State University Advanced Additive Manufacturing Post-Processing, Finishing, and Quality Infrastructure Expansion project in Fiscal Year 2027. The entity to receive funding for this project is Jacksonville State University located at 700 Pelham Rd North Jacksonville, AL 36265. This project focuses on strengthening post-processing and quality workflows that build directly on the CMS's existing facilities, equipment, and personnel expertise, ensuring rapid deployment and immediate benefit. The project is an appropriate use of taxpayer funds because the appropriated dollars will be used to acquire post-processing, finishing, and quality-related equipment that supports additive manufacturing workflows.

The project has a federal nexus because the funding provided is consistent with purposes authorized in section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Mike Rogers".
