

Request ID: 371

Agency/Account:	[4601]/[MILCON, Def-Wide]/[Military Construction, Defense-Wide]/[MCDW]	Project Name:	Small Arms Warehouse
Subcommittee:	RDY	Request Nature:	Community Project Funding
Justification:	Anniston Army Depot is the number-one employer in Chairman Rogers' district and will remain so for years to come. This project has significant community support due to the capacity increases it will enable at the depot. This capacity increase will allow for increased defense industry activity, economic expansion, and jobs creation. If the project is unfunded, Anniston Army Depot will experience significant logistical constraints related to the manufacturing, distribution, storage, and repair of small arms at Anniston Army Depot.		
Member's Request: (in thousands, \$000)	\$73,800	President's Request:	\$0
CBB Line No:		CBB Program Element:	
Project Purpose:	Construct a small arms warehouse to facilitate and enable critical logistics functions related to the manufacturing, distribution, storage, and repair of small arms at Anniston Army Depot.	Member Website Link:	https://mikerogers.house.gov/services/earmark-requests.htm
