Committee on Armed Services  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Rogers and Ranking Member Smith:

I am requesting funding for a Main Gate in fiscal year 2024. The entity to receive funding for this project is Anniston Army Depot (ANAD) located at 7 Frankford Ave, Anniston, AL 36201.

The funding will provide more security by providing a better Access Control Point for commercial vehicles and inspection capability for all visitors. The Main Gate entrance area is ANAD's front door to the world for their assigned Center of Industrial Technical Excellence Mission to sustain all combat vehicles, except Bradley. It is the county's largest employer and handles the daily commutes of approximately 2,000 of ANAD's 4,000 employees.

The project has a federal nexus because the requested funding would be for purposes authorized by 10 U.S.C. Chapter 169.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

  
Mike Rogers  
Member of Congress

Project Name:	Access Control Point	Request Nature:	Community Project Funding
Member Name:	Rogers, Mike(R-AL)	Member's Request: (in thousands, \$000)	\$55,389
Justification:	<p>The Calhoun County Area Chamber and Visitors Center and the Calhoun County Economic Development Council support Anniston Army Depot's (ANAD) construction of a new main entrance gate that connects Bynum Blvd at the Turner Road/Bynum Blvd intersection. The Main Gate will provide more security by providing a better Access Control Point for commercial vehicles and inspection capability for all visitors. The Depot's traffic flow and vehicle safety will significantly be improved.</p> <p>The Main Gate entrance area is ANAD's front door to the world for their assigned Center of Industrial Technical Excellence Mission to sustain all combat vehicles, except Bradley. It is the county's largest employer and handles the daily commutes of approximately 2,000 of ANAD's 4,000 employees. The entrance area also processes all commercial and visitor traffic to the Depot.</p>		
Project Purpose:	ANAD's current main gate and access control facilities are not in compliance with UFC 4-022-01, Security Engineering: Entry Control Facilities(ECF)/Access Control Points, for design of vehicle inspection point, access denial, installation approach zone, and turn-around configuration. The ISR Rating for Building 367, ANAD's Main Gate and Entry Control/Visitor Center is rate F3/Q2. This project will remedy the issues outlined.
